YOUTH DIVISION JUDGING
Point Award System

1. Points will be awarded based on the award designated by the judge of the project.
2. The judge's decision is final.
3. Virginia Association of Fairs certified judges will be used when possible to evaluate the projects.
4. Each department will have a point schedule set and published in advance of the contest. This will be used to determine the points earned for the corresponding award. This will allow for differences in project difficulty, time, skills, and investments to be recognized. For example, a blue-ribbon cookie will not receive the same number of points as a blue-ribbon birdhouse or calf.
5. At the completion of the fair, all the points earned in the various categories by an individual will be totaled and form the basis for their monetary award.
6. The Richmond County Extension Leadership Council (ELC) shall provide oversight and input to the program. This will be in the form of recommendations to the Richmond County Fair Board on the implementation of the overall PAS program including program design and application as well as award values in consideration of the funds raised and the level of participation of the youth.
7. The prize jackpot will be the source of funds used to award participating youth. These funds will have been raised by the Richmond County Fair Association, Inc., from various sources including local community groups, individuals, companies and foundations.
8. The prize jackpot will be divided into scholarships and awards "mini-jackpots". The awards amount will be divided by the total number of points awarded at the event for all participants in the various categories. This will determine the cash award per point that will then be used to calculate the individual cash awards for participating youth.
9. The scholarship amount will be awarded to youth based on total points earned at the event as recognition for "high point" individuals. The value of these scholarships may vary and, depending on the fundraising program, may be in honor of or in memory of or specifically sponsored by an individual, company, or organization. These scholarships can be used for educational program participation and are not limited, but certainly will be allowed to accrue for college tuition. The Richmond County ELC will have final consideration of any questions in the use of these funds, which must be expended by the time the individual is 23. Scholarship awards are not transferable.

Judging Criteria for Plants

Cultural Perfection60pts

Plants should have vigorous, healthy appearance and form including foliage, flowers and/or fruit, which is characteristic of a well-grown plant. There should be no indication of pests or disease and have a good shade of color typical to the variety.

Grooming 20pts

The entry should be clean and well groomed. No dried flowers, pollen, dirt, careless labeling, spray residue, spots, etc. Be aware of over grooming, too much trimming may be penalized. A good rule of thumb is “taking nothing away...adding nothing” other than general grooming.

Distinction 10pts

When compared to other entries of its class the entry has one or more observable superior quality that sets it apart as a specimen.

Container 10pts

There should be good balance between the sizes of plants and the container. The container should be full enough to prevent the appearance of leggedness or overcrowding. Plants should be well established in their container.
